THE IDEAL FRAMEWORK - Fridge Poster

A Shield Against Algorithmic Persuasion

I - INTERROGATIVE PLAY

Dance with the question. Before asking AI, ask:

"What do YOU think? What are the possibilities?"

D - DATA AWARENESS

The AI is a "Guessing Machine," not a "Truth Machine."

It remixes patterns—it doesn't understand meaning.

E - ETHICAL FOUNDATION

Heart-Rules over Math-Rules. Practice kindness.

Say "please" and "thank you" to AI—not because it deserves it, but because YOU are practicing.

A - ALGORITHMIC LOGIC

Reverse-engineer the system. Understand the "If/Then" logic behind games and apps. See the architecture.

L - LEGACY SCAFFOLDING

Build the Identity Fortress. Anchor your child in family stories, cultural rituals, and human touch.

"Your child's story is not an algorithm to be optimized."
